As a Massachusetts resident I urge you to support the request from the Coalition for CORI Climate Inclusion (C3I) that MassSave update its CORI policy to a Fair Chance policy. We are asking for your support on this because every human being on this earth deserves a chance and to not use their past against them around working, housing, etc. It's 2025 and we need a new system. The stem of racism has been dug up so much the tree is upside down.

Please utilize a fair chance hiring system for Mass Save to make a better world for all.
