

Council Topics for Upcoming EEAC Meetings

Revised Draft, 09/3/14

The Council has scheduled review and analysis activities at its upcoming meetings, including its “Scheduled Topics” (from the advance schedule reviewed by the Council on February 12, 2014), the Implementation Update deep dives, and other topics and activities, as summarized in the table below (and as revised since February and May). These review, analysis, and reporting topics are crucial for the Council to perform its responsibilities. See the summary of the current working schedule, below.
