Bristol Community College – VRF Heat Pump Project

“Bristol Community College has reported increased comfort throughout the building and is looking forward to working with Liberty on the rest of the campus.”

***Jo Ann Bentley**, Associate Vice President - Administration and Facilities*

Bristol Community College (BCC) is a local community college in Fall River, MA. The Elsbree Street Campus offers 105 acres of room with eleven buildings, including a Zero Net Energy health and science building.

The project consisted of replacing gas-fired boilers with 93 tons of VRF Heat Pumps throughout Building B. The VRF Heat Pump project received a $324,333 incentive from Liberty and will save BCC 18,374 therms annually and 13,560 MMbtu over the project lifetime.

Ferry Fall Road, Fall River – Moderate Income Renter Project

"The improvement has been tremendous- our home has been noticeably more comfortable this winter compared to last, and we are especially grateful this work was completed before the cold season."

Elijah Tinnis, *Renter, Ferry Fall Rd*

The weatherization project for Ferry Fall Rd in Fall River consisted of Knob and Tube removal along with sheet rock repair and replacement prior to insulation and air sealing installation.

Project Specs:

- 708 Sq Ft open blown cellulose to attic floor
- 1188 Sq Ft exterior wall dense pack insulation
- 212 Sq Ft R-19 basement sill insulation
- Exterior door weatherstripping and door sweeps
- **Savings:** 15.877 MMbtu

Event Recap: 2026 Central MA Regional Clean Energy & Climatetech Workforce Summit

MASSACHUSETTS CLEAN ENERGY CENTER®

March 13th 2026, Worcester Polytechnic Institute

The 3rd annual Regional Clean Energy and Climatetech Workforce Summit brought together industry leaders, employers, educators, and workforce partners to:

- **Address critical workforce challenges** in the state's Central region
- **Develop actionable strategies** to strengthen workforce pipelines
- Increase awareness of **funding opportunities** to support workforce and industry growth
- Foster **collaboration and partnership**
- **Empower** the region's workforce to share in the clean energy transition

The event was held in partnership with nine other organizations
