COMMONWEALTH OF MASSACHUSETTS
ENERGY EFFICIENCY ADVISORY COUNCIL

NOTICE OF PUBLIC MEETING

The Energy Efficiency Advisory Council (EEAC or Council) guides the development and monitors the implementation of Massachusetts' nation-leading energy efficiency plans by the state's investor-owned electric and gas utilities and municipal aggregators with certified efficiency plans (Program Administrators or PAs). Pursuant to the Green Communities Act, as set forth in G.L. c. 25, §22(b), the EEAC is charged with coordinating with the Program Administrators to prepare energy efficiency investment plans (collectively, the Three-Year Plan). The PAs develop the Three-Year Plan, which includes savings and spending targets, implementation strategies, and various initiatives that serve residents and businesses. Once the EEAC has reviewed and commented on a draft of the plan, the PAs submit a final plan to the Department of Public Utilities for its approval after a full evidentiary proceeding.

The EEAC will be holding four online workshops, via Zoom Webinar, to develop its priorities for the 2028-2030 Three-Year Plan. These workshops are instrumental for the EEAC to develop recommendations and comments on the PAs development of the Three-Year Plan. Members of the public are welcome to attend these workshops and can register using the links below. Materials to be discussed will be posted to the EEAC website prior to each workshop at https://ma-eeac.org/plans-updates/. Any member of the public or Council who has difficulty accessing a meeting should immediately contact ma-eeac@mass.gov.

Workshop	Date and Time	Topic	Zoom Link
Workshop #4	Thursday **10/15/2026** 12:30pm- 4:30pm	Integration of Recommendations	https://umass-amherst.zoom.us/webinar/register/WN_Flnxna4MRYeQ0_MGxE0J7A

Interpretation services will be available upon request. Please email ma-eeac@mass.gov at least 7 days prior to each meeting indicating the language in which live interpretation is requested.

This notice is provided pursuant to M.G.L. c. 30A, §20.
